Greetings East Aurora School Community,

Happy Thanksgiving! My name is Jennifer Mitchell and I am proud to be the Interim Principal at East Aurora High School effective Monday, November 28, 2022. Current principal Mrs. Jennifer Kuyper will move on to a new role. During my time at East Aurora School District 131 I have served as the Director of Mathematics and Interventions. A graduate from DePaul University, I earned a Bachelor's of Science Degree in Mathematics with a Certification in Education. I then received a Master's Degree in Educational Leadership from Governor's State University and am currently enrolled in a Doctoral program through the University of Illinois at Chicago. With 23 years working in education my experience includes 14 years as a high school mathematics teacher, math coach, and team leader in addition to being an administrator for the last 9 years. I have enjoyed each and every experience along my journey and am looking forward to serving the entire EAHS Tomcat Community!

East Aurora High School provides each student with a rigorous and well-rounded education and a variety of learning opportunities to fit the needs of all students. It is my goal for the year to give students a sense of belonging, provide the supports needed to be successful, and to prepare them for future opportunities. By the end of students' high school career, I want them to have numerous positive memories that last a lifetime and to proudly hold that diploma in their hand as they walk across the stage.

I greatly look forward to meeting parents in person at future events. I acknowledge that our parents are critical partners in our student's success. Only through collaborative efforts and voice of all of our students, parents, staff, and community, can we help our students *reach their full potential!*

I am proud to be a part of the East Aurora High School team and look forward to a positive and successful remainder of the school year. If you have any questions, concerns, or need assistance please contact the school at 630-299-8000. Have a wonderful holiday season!

Sincerely,

Mrs. Jennifer Mitchell
Interim Principal,
East Aurora High School
